

# Preschool Screenings

Are you concerned about your child's development? Free screenings are available from your school district for any child aged 2 ½ to 5 years old.

If your child is having difficulty with:

- Learning to talk
- Speaking clearly
- Walking, running or climbing
- Holding a crayon or feeding themselves
- Following directions
- Learning colors, shapes, or letters
- Playing with other children
- Making eye-contact
- Engaging in pretend play
- Or has a history of prematurity and/or birth trauma

Call for an appointment for a free screening to include vision, hearing, speech, and cognitive development. Your child may qualify for free early intervention services.

Screenings are offered the third Wednesday of each month (Aug.-May).

**Call: (864)457-3001 ext. 3019**
