Students:

Congratulations on signing up for your first College-level English course! I am so excited as we take this first step toward your future together. The following are your summer reading assignment titles. You will need to have the responses to these readings uploaded to our Google classroom (ENG101 Fall 2017) by the first day of class. We will complete in-class assignments with these that will count in the 10% of your class participation/preparation grade. This information is also available on our Landrum High School Website.

Feel free to email me at debra.giles@spart1.org with any questions.
