

Federal Funds 2018

Each year District One Schools receive federal money that supports training, staff development, class size reduction and instructional programs. These include Title I, Title II, Title III, Title IV, IDEA, and Pre-School Disabled Funds. Next year, we will continue to use Title 1 funds to support early intervention and class size reduction and Title II funds to help teachers meet the Read to Succeed endorsement requirements. Title III funds are used to provide professional staff development in best practices for English Language Learners. Title IV funds are used to support professional staff development targeted at developing and supporting trauma-informed classrooms in all schools in Spartanburg School District One. IDEA funds support special education teachers' and speech language therapists' salaries.

Parents and/or guardians can inquire about teachers' qualifications by contacting each school's principal.
